Dear Mr Jarman

APPROVED MAINTENANCE ORGANISATION – AIRCRAFT EQUIPMENT OVERHAULS AND SALES

1. Aircraft Equipment Overhauls and Sales Pty Ltd (AEOS) are recognised as an Approved Maintenance Organisation in accordance with AAP7001.053 (AM1) Technical Airworthiness Management Manual, Regulation 4.1.1.b (4). AEOS is certified to maintain RAN Sea King aircraft undercarriage pressure cylinders and components, to within the Level and Scope detailed in their Civil Aviation Safety Authority (CASA) Certificate of Approval, Number C2230 Issue 1, dated 26 February 1991.
2. The Senior Maintenance Manager (SMM) of AEOS is responsible for ensuring that maintenance conducted by AEOS remains within this scope and level. The AEOS SMM is to report to me in writing:
 - a. proposed changes to the CASA certificate of approval, or documents called out or referenced in the CASA certificate of approval, that fundamentally change the scope and level of maintenance to be conducted by AEOS; and
 - b. other changes that could affect the basis on which this recognition is issued.
3. All maintenance performed under this recognition is to be released by the applicable CASA Authorised Release Certificate (ARC).
4. There are currently no Limitations or Conditions applicable to this recognition.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'D.J. RAE', with a horizontal line extending to the right.

D.J. RAE
Commander, RANR
Chief Engineer

End of Record

AEOS Company Management Structure

AEOS Drug & Alcohol Management Plan (DAMP)

AEOS has developed and implemented a drug and alcohol management plan as required under Part 99 of the Civil Aviation Safety Regulations 1998 (CASRs), covering persons employed and subcontractors in safety sensitive aviation activities (SSAAs).

The AEOS DAMP includes three key elements:

1. a drug and alcohol education program
2. a drug and alcohol testing program, and
3. a drug and alcohol response program

Random drug and alcohol tests to be conducted by or on behalf of CASA.

User/Installer Responsibilities						
<p>It is important to understand that the existence of this document alone does not automatically constitute authority to install the part/component/assembly. Where the user/installer works in accordance with the national regulations of a National Aviation Authority (NAA) different than the NAA of the country specified in Block 1 it is essential that the user/installer ensures that his/her NAA accepts parts, components, assemblies from the NAA of the country specified in Block 1. Statements in Block 14 and 19 do not constitute installation certification. In all cases the aircraft maintenance record must contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.</p>
